Postado em : Domingo, 3 de Maio de 2009 | Autor: Paulo Teixeira

A great event will begin between May 6 and May 21, will be the Flex:onAir, this event is very special for me, it will be done by an Egypt Adobe UserGroup and I was invited to participate in the event sending some articles about Flex and AIR.

Initially, the event will be held in Arabic, but there will be a recording and this will be in English, according to what the organizer of the event said.

I would like to thank my friend Ahmed Rabieh (Edge RIAS Adobe User Group Manager), who invited me to participate in this project to be carried out even before we know it will be a success, because Ahmed's commitment is great.
